

Pre-Kindergarten and Kindergarten REGISTRATION

Registration Information

Registration will begin the week of February 6, 2023. Please visit www.wqsb.qc.ca for each school's exact date, location and time to register.

K4 Registrations

K4 registrations will be the week of April 17th, 2023.

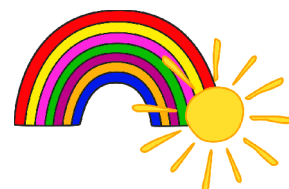

Registration Process

The majority of the registrations will be held through the catchment school in person or via e-mail. Parent/guardian is encouraged to register during the advertised dates. Registrations will be ongoing after the announced dates.

K4 Lottery

Schools that will be offering a K4 program will run a lottery for the registration. All completed registration packages during the registration week will be assigned a number. After the registration period is over, schools who received more than the allocated registrations will have to hold a lottery to determine the students that will be registered for the program. A wait-list will also be drawn in a lottery to be used if one of the allocated spots becomes available before the start of the school year.

To register your child for school,
visit wqsb.qc.ca
('Programs and Services'
-> 'Register a Student')
