

Transition Facilitator and Early Intervention Support

Andrea Shattler
ashattler@wqsb.qc.ca

Transition Facilitator

- Share information and resources with families about what they can do to prepare their child for the first transition to school e.g. Wakelet <https://bit.ly/wqsbtransitiontokindergarten>
- Working with the school, family, and community, to ensure a smooth transition to school
- Supporting schools to develop and implement transition activities e.g. registration, orientation, and progressive entry
- Continued support for families and schools

Early Intervention (Preschool Cycle Program and Cycle 1)

- Support families in accessing services - students/families may be identified as needing outside services or resources (a meeting can be set up to discuss possible students/families who may benefit from this support)
- Building a rapport with families to facilitate future communication and support

If you are unsure, how I might be of support, or if you would like to discuss a student/situation, please do not hesitate to reach out. I look forward to supporting you and the children/families you work with.
