

# Welcome!

## Preschool Cycle Program

Kindergarten for 4-year-olds and 5-year-olds

# How are you feeling about starting school?

You might be feeling:  
excited, happy, worried, or even a little scared.

No matter how big or small you are, we all feel little butterflies in our stomach sometimes. This tells us that we may be feeling worried or scared.

I can share these feelings with my family so they can help me understand that everything will be okay.

I can put my hand on my stomach and take a deep breath in and then breath out.

I can learn about what school will be like so I don't have to be worried or scared anymore.

When I come to school in the morning, my teacher will be there to say hello. I will also get to know other nice teachers as well.

This is what my class will look like.

There is a place that I can wash my hands and go to the washroom.

Always wash your hands!

Don't forget to flush!

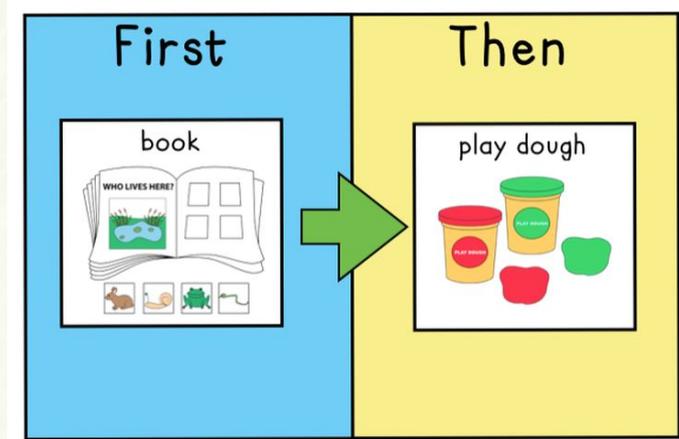

# Morning Greetings Everyone!

When I go into the classroom, I will sit with my friends, ready for the day!

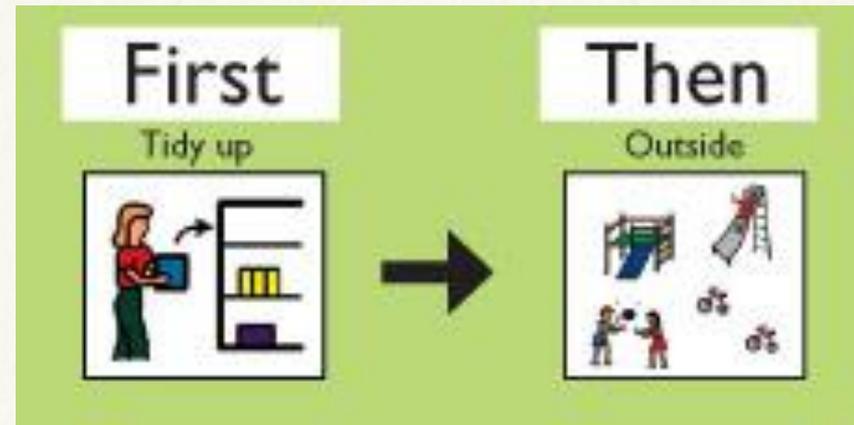

Ms. Boersma's Class (K5)

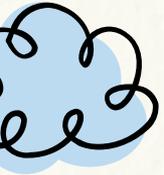

Each day I will have fun while I play and learn!

I am excited to play with the play doh, but first I must finish looking at my book!

It's time to tidy up! Then we get to go outside. I am so excited!

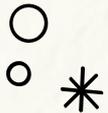

# PLAY

There are lots of choices and things that I can do and play during the day.

I can draw, paint and let my creativity flow...

# PLAY

I can let my imagination take me all around the world. I am paleontologist, searching for dinosaur bones. I wonder what else I might discover along the way?

# I will also...

look at books...wow there are so many!

sort, count, explore, create...endless possibilities.

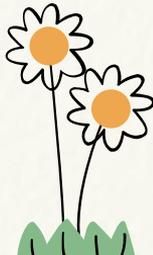

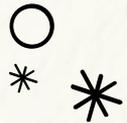

# PLAY-Let's Pretend

I can be a teacher.

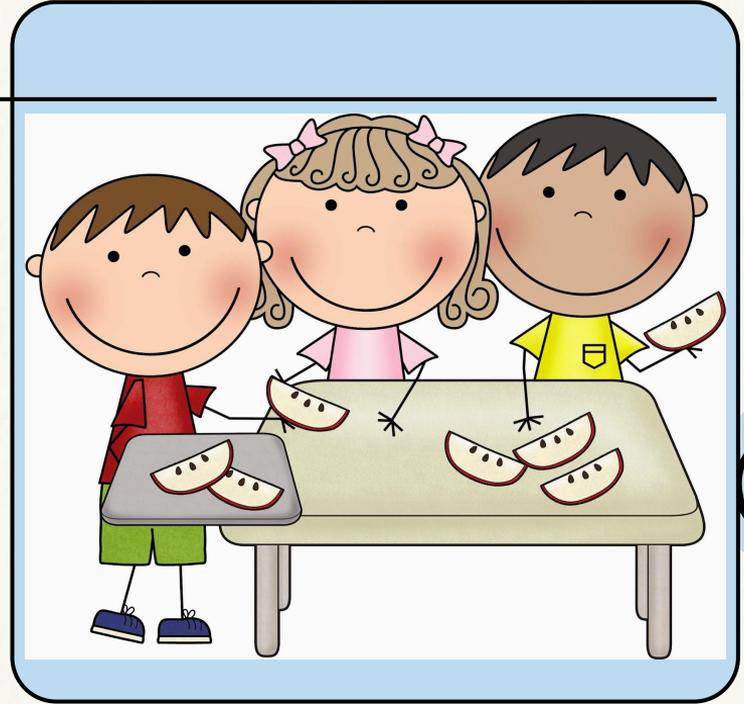

I can be a detective.

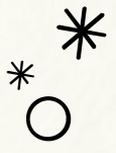

I can have a tea party.

I can be anything I want to be!

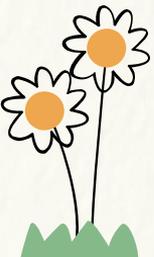

There will be snack time and lunch time.

I will make new friends at school.  
We will learn to share and take turns.

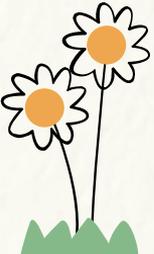

# At the end of the day...

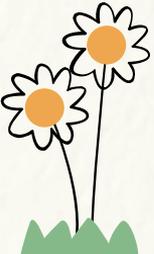

I will return home and share with my family all the wonderful and fun things I did!

I will have so much fun in  
Kindergarten, I can hardly wait!

My teacher is also very  
excited to meet me!
